

<b>Applicant</b>	<b>Higher education institution</b>	<b>Scholarship theme</b>	<b>Discipline</b>	<b>Project title:</b>
Aaron Kent	Waterford Institute of Technology	Government of Ireland Postgraduate Scholarship	Theatre Studies	Re-shaping narratives: An analysis of life and culture as dramatised by Irish women playwrights following the Irish War of Independence, (1922-1959).
Adam Ryan	University College Dublin	Government of Ireland Postgraduate Scholarship	Microbial Genetics	Genome diversity, drug resistance and virulence in the human pathogenic yeast, <i>Candida parapsilosis</i>
Aislaigh Cahillane	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Literatures	Narratives of Water (In)Justice in Contemporary Hydrofictions from Australia, Ireland and the United States of America
Aisling Loftus	University College Dublin	Government of Ireland Postgraduate Scholarship	Organic Chemistry	A Unified Approach for Safely Performing Underexploited High Energy Nitrosation Chemistries via Scaled Continuous Flow Technology Platforms
Alan Keane	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Medical Biotechnology	The Development of a Next-Generation Mesenchymal Stromal Cell Therapy for Critical Limb Ischaemia
Alby Benny	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Medicinal and Biomolecular Chemistry	Aspartic Acid Mediated 'Click' Technology for the Accelerated Synthesis of Peptide Therapeutics under Continuous-Flow Conditions
Ali Bakir Hamoudi	University College Dublin	Government of Ireland Postgraduate Scholarship	Sociology	Civil Society Organisations Providing Social Services in Iraq: Structure, Accountability and Religion post 2003

GOI Awardees 2020

Alice Parkes	University of Limerick	Government of Ireland Postgraduate Scholarship	Macromolecular and Materials Chemistry	Next generation pharmaceutical processing: A systematic approach to formulating and manufacturing Multicomponent Fixed Dose Drug Combinations and Therapeutic Hybrids
Amelia McConville	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Literatures	Poetry Studies and Neurohumanities: An Interdisciplinary Approach
Amrita Dwivedi	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Cell Biology	Cross-Disease Assessment of Granulocyte Phenotypic and Functional Heterogeneity
Amy Hassett	University College Dublin	Government of Ireland Postgraduate Scholarship	Zoology, Ornithology, Entomology, Behavioural Sciences Biology	Identifying the principles of nervous system organisation in the ctenophore <i>Pleurobrachia pileus</i> .
Amy McGlinchey	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Condensed Matter Physics	New Concepts for Superconducting Tunneling Junctions: Utilising the deposition of superconducting thin films on stepped surfaces to fabricate novel MultiTerrace Junctions
Amy O'Halloran	University College Cork	Environmental Protection Agency Postgraduate Scholarship	Law	Private Transnational Environmental Regulation and Systemic Interactions in Global Environmental Governance
Andrea Muñoz Zamora	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Zoology, Ornithology, Entomology, Behavioural Sciences Biology	The instinct to learn or to learn an instinct? Unraveling the cellular and molecular mechanisms underlying instincts, memory and learning
Andrew Burgess	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Condensed Matter Physics	The prediction of renewable energy storage materials using adaptive quantum-mechanical theory

GOI Awardees 2020

Andrew Dorman	Dublin City University	Government of Ireland Postgraduate Scholarship	History	The Experience of Soldiering in Eighteenth-Century Ireland
Andrew Hill	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	History	Deisidaimonia' (Panic!): A study of crisis, climate, and rebellion in Carthaginian North Africa
Anna Devlin	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	History	Economic ideas for a self-governed Ireland 1893-1923
Anna Karpinska	Institute of Technology, Carlow	Government of Ireland Postgraduate Scholarship	Ecology	A study on the ecological impact of recycling derived fertilisers (RDF) using nematodes as environmental bioindicators.
Antzela Tzagiollari	Dublin City University	Government of Ireland Postgraduate Scholarship	Medical and Biomedical Engineering	Development of a Bioresorbable and Biomimetic Bone Adhesive (OsStic) for the Regeneration of Bone Defects
Aoibheann O' Connor	University College Dublin	Government of Ireland Postgraduate Scholarship	Organic Chemistry	A New Paradigm For The Asymmetric Diels-Alder Reaction
Aoife Kearney	RCSI University of Medicine and Health Sciences	Government of Ireland Postgraduate Scholarship	Microbiology, Virology and Mycology	Carbapenemase producing Enterobacteriales (CPE): Identifying the drivers of transmission to patients in the healthcare-environment
Aoife Marie Foran	University of Limerick	Government of Ireland Postgraduate Scholarship	Psychology	Harnessing groups for health: Eating disorder recovery as supported by everyday social connections

Arlene Bonner	University College Dublin	Government of Ireland Postgraduate Scholarship	Organic Chemistry	Development of Streamlined Routes into Diverse Drug-Like Aziridine Fragments via Multi-Step Flow Synthesis
Beatrice Canossi	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Law	The use of truth commissions' evidence in prosecutions: bridging gaps and information sharing between international prosecutions and truth seeking mechanisms
Beatrice Monciunskaitė	Dublin City University	Government of Ireland Postgraduate Scholarship	Law	What is the Status of Democracy in Lithuania and Latvia? A two Country Study in the Context of the Recent Phenomenon of Regression of Democratic Standards in Eastern Europe
Bernadette Phillips	Maynooth University	Government of Ireland Postgraduate Scholarship	Education	The Montessori School as a healing environment: Translating childhood trauma research into effective trauma-informed educational practice.
Blake McGrane Corrigan	Maynooth University	Government of Ireland Postgraduate Scholarship	Applied Mathematics	Statistical modelling applied to the spatio-temporal dynamics of the Heliothine moth
Caitlín Ní Chasaide	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Cell Biology	The Mechanism of Pertussis Vaccine-Induced Sustained Protective Immunity
Calvin Swords	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Sociology	“An exploration of how the concept of recovery is socially constructed and its impact on the delivery of mental health services – an Irish case study”
Cara Gaffney	University College Dublin	Government of Ireland Postgraduate Scholarship	Biochemical Research Methods	Understanding the cellular landscape of proteins delivered by extracellular vesicles

GOI Awardees 2020

Caroline O'Connor	University College Cork	Government of Ireland Postgraduate Scholarship	Environmental Studies	Multiple pregnancy: An investigation of the risk factors and outcomes in the republic of Ireland (The MILESTONE study)
Catherine O'Reilly	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Education	Thinking and talking/talking and thinking: Exploring storytelling as pedagogy with young children to provoke emergent critical thinking skills
Celine Fox	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Psychology	A dynamic network approach to understanding eating disorder pathology
Céline Thobois	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Theatre Studies	The Making of the Beckettian Cyborg: From Beckett and Behaviourism in the Twentieth Century to Beckett and Neuroscience in the Twenty-First Century
Chiara Alessia De Benedictis	University of Limerick	Government of Ireland Postgraduate Scholarship	Biochemistry and Molecular Biology	The role of the Zinc Transporter ZnT5 in Autism Spectrum Disorders: a functional characterization.
Chris Devitt	University College Dublin	Government of Ireland Postgraduate Scholarship	Theoretical Physics	Gravitational Waves in Alternative Theories of General Relativity
Christopher West	Dublin City University	Government of Ireland Postgraduate Scholarship	Media	A look behind the screens: the evolving agency of the user in Irish internet policy making
Ciara Buckley	Athlone Institute of Technology	Government of Ireland Postgraduate Scholarship	Medical Biotechnology	Modification of bioactive hyaluronic acid for stereolithography 3D printing of hydrogel conduits for peripheral nerve regeneration

GOI Awardees 2020

Ciara Leahy	University of Limerick	Government of Ireland Postgraduate Scholarship	Cell Biology	Defining the impact of BILF1 on B cell transformation
Claire Doocey	Cork Institute of Technology	Government of Ireland Postgraduate Scholarship	Microbiology, Virology and Mycology	Microbial-based therapies for pancreatic cancer
Claire O'Connor	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Genetics and Heredity	Development of a gene therapy for epilepsy
Clara Evans	Maynooth University	Government of Ireland Postgraduate Scholarship	Inorganic, Organometallic and Nuclear Chemistry	Novel anti-cancer organometallics; synergistic DNA damaging and photo-triggered CO releasing therapeutics.
Clara Mallon	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Theatre Studies	Invisible Ireland? Performing and Representing the Working-Class in Irish Theatre during the Celtic Tiger Era.
Cliona Curley	University College Dublin	Government of Ireland Postgraduate Scholarship	Information Systems	Analysing the movement of far right extremists to alternative technology (alt-tech) platforms, and the resultant impact on their ability to spread misinformation, incite violence and radicalise others
Cónal Murphy	University College Cork	Government of Ireland Postgraduate Scholarship	Condensed Matter Physics	Predictive atomistic simulation and in silico design of quantum dots for classical and quantum light emitters
Conor O'Driscoll	University College Cork	Government of Ireland Postgraduate Scholarship	Organic Chemistry	Direct alkylation of ketones

Cordula Bieri	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Sociology	From Direct Provision to Housing: The Lived Experiences of Refugees in Ireland
Dakota Holmes	National University of Ireland, Galway	Environmental Protection Agency Postgraduate Scholarship	Physical Geography	Providing Insights from Climate Archives (PICA): a multiproxy approach for the reconstruction of AMOC response to Quaternary climate events
Danish Us-Salam	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Economics	Essays in Development Economics
Dara Curran	University College Cork	Government of Ireland Postgraduate Scholarship	Organic Chemistry	Development of Green Nucleophilic Substitution Methodology Using Environmentally Benign, Sustainable Catalysts
Darren Beirne	Maynooth University	Government of Ireland Postgraduate Scholarship	Inorganic, Organometallic and Nuclear Chemistry	Combination chemo-therapy: a modern approach to target colorectal cancer with dual-action Tyrosine Kinase inhibitor-Pt(IV) based drugs
David Martin	University of Limerick	Government of Ireland Postgraduate Scholarship	Law	The Regulation of Shadow Banking and its Implications for Systemic Risk
David Mc Laughlin	University College Dublin	Government of Ireland Postgraduate Scholarship	Inorganic, Organometallic and Nuclear Chemistry	Light Harvesting with Spin-Switchable Phosphorescent Dyes
Dawn Higgins	Maynooth University	Government of Ireland Postgraduate Scholarship	Psychology	The development of a Boston process-based neuropsychological assessment for the screening and diagnosis of dementia for use with individuals with low and/or no literacy, such as the Travelling Population of Ireland.

GOI Awardees 2020

Deborah Malone	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Optics	Investigating limitations on Adaptive Optics performance for the European Extremely Large Telescope
Deborah Mireles	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Business & Management	Understanding Subsidiary Managers Engagement in Strategic Activities
Delphi MacWhite-Begg	University College Dublin	Government of Ireland Postgraduate Scholarship	Genetics and Heredity	Investigating the effects of EOSRD mutations on early eye development
Diane Pelly	University College Dublin	Government of Ireland Postgraduate Scholarship	Economics	The economic case for Worker Wellbeing Programmes. Are they worth the investment?
Diego Zambiasi	University College Dublin	Government of Ireland Postgraduate Scholarship	Economics	Understanding the illicit drug market to design effective policies
Dillon O'Reilly	Institute of Technology, Carlow	Government of Ireland Postgraduate Scholarship	Electrical Engineering, Electronic Engineering, Information Engineering	Colloid based Electrospray Micro-Thrusters for Electric Propulsion of Cubesats and Nanosats
Divya Ravikumar	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Sociology	Food provision and the homeless population: working together to enable solutions
Dylan OFlynn	Dublin City University	Environmental Protection Agency Postgraduate Scholarship	Environmental Sciences	Empire Evaluate - Effect based Monitoring for Environmental Pollution in Ireland and Evaluation of Mitigation Strategies to Minimise its Impact

GOI Awardees 2020

Edel Hanley	University College Cork	Government of Ireland Postgraduate Scholarship	Literatures	Trauma in Women's First World War Poetry and Autobiographical Writing
Edmond Gubbins	Mary Immaculate College	Government of Ireland Postgraduate Scholarship	Education	Musical Futures as Critical Pedagogy: Investigating Generalist Primary Teachers' Musical Backgrounds and Experiences and the Influence of a Whole School Participatory Action Research on Music Learning and Teaching
Eibhlín Halpin	University College Cork	Environmental Protection Agency Postgraduate Scholarship	Meteorology and Atmospheric Sciences	Spectroscopic Technology for Analysing Nitrogen Dioxide and Urgent Personal exposure measurements (STANDUP)
Eirini Evangelia Psychari	Dublin City University	Government of Ireland Postgraduate Scholarship	Media	"Designing the future newsroom. How human-centred design and big data drive innovation in traditional newspapers: implications for journalism".
Elena Saskia Schaa	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Cultural Studies	How do Future Worldviews Emerge? Quantum Physics, and the Case of Werner Heisenberg's 'Religion without God'
Elin Strachan	University College Dublin	Government of Ireland Postgraduate Scholarship	Genetics and Heredity	Uncovering the pathogenic mechanisms underpinning dominant optic atrophy
Elisa Sabbadin	University College Cork	Government of Ireland Postgraduate Scholarship	Literatures	The Long Line in American Poetry: An Alternative Tradition from Walt Whitman through William Carlos Williams to Allen Ginsberg
Elizabeth Quirke	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Literatures	"When They Talk About Mothers": Investigating Queer Kinship in Contemporary Poetry

Elizabeth Tanner	University College Cork	Government of Ireland Postgraduate Scholarship	History	An Analysis of the corollary between culture and structure in US Foreign Policy: South Asia, 1971
Emma Corley	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Psychology	Cognitive Deficits in Schizophrenia: Characterising the Combined Effects of Common Genetic Variation and Early Life Adversity
Emma Dunne	University College Dublin	Government of Ireland Postgraduate Scholarship	Evolutionary Biology	APOLLO: A prospective study on the Prevention Of heat Loss in LOw birth weight infants
Eoin Caffrey	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Colloid and Nanochemistry	Printed Nanomaterials for High-Performance Sensors
Eoin Carolan	University College Dublin	Government of Ireland Postgraduate Scholarship	Theoretical Physics	Thermodynamics of quantum computational models.
Eoin Hurley	University College Cork	Government of Ireland Postgraduate Scholarship	Anthropology	The expansion of the pharmacist's role in primary care in Ireland: a mixed methods study
Erika Stiobhairt	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Zoology, Ornithology, Entomology, Behavioural Sciences Biology	The Development of Memory Engrams Across the Lifespan
Evan Judge	University College Cork	Government of Ireland Postgraduate Scholarship	Organic Chemistry	Flow chemistry in organic synthesis

GOI Awardees 2020

Federica Modafferi	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Biochemistry and Molecular Biology	Investigating the Transgenerational Inheritance of Centromeres using a Bovine In Vitro Fertilisation Model System
federico fabio frattini	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Economics	Essays in Political Economy: Voting Behaviour, Organised Crime and Weak States
Francesca Guido	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Classics	Recovering the sources, influence and transmission of Charisius' Latin grammar
Francesco Barilari	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Economics	Political Polarization: Evidence from a Quasi-Natural Experiment
Georgina Perryman	Maynooth University	Government of Ireland Postgraduate Scholarship	Geography	The future of community heritage in Dublin: Place-making and productive nostalgia in response to urban transformation
Geraldine Brassil	Mary Immaculate College	Government of Ireland Postgraduate Scholarship	Literatures	A Study of Nineteenth-Century Irish Women Writers and their Literary and Publishing Networks (1857-1900): Sarah Atkinson in Duffy's Hibernian Magazine, The Irish Monthly and The Freeman's Journal.
GERARD PARERAS	University College Cork	Government of Ireland Postgraduate Scholarship	Theoretical and Computational Chemistry	Design of Superior Catalysts for the Olefin Metathesis Reaction
Gillian Carney	University College Dublin	Government of Ireland Postgraduate Scholarship	Microbiology, Virology and Mycology	Developing mechanisms to disrupt biofilm formed by antibiotic resistant Campylobacter jejuni on Supermarket Chicken Meat

GOI Awardees 2020

Giselle Harvey	Limerick Institute of Technology	Government of Ireland Postgraduate Scholarship	Education	Public STEAM: Inventing Transdisciplinary Tools and Practices for 'Education for Sustainability' in Irish Adult Education Contexts
Glenna Swinand	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Medicinal and Biomolecular Chemistry	A New Ligation Technology for the Accelerated Synthesis of Cyclic Peptides under Continuous-Flow Conditions
Gráinne Daly	University College Dublin	Government of Ireland Postgraduate Scholarship	Literatures	Remembrance Culture in Irish fiction: Theory and practice
Guillaume Thuery	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Genetics and Heredity	Are the stress-signalling pathway and the formation of stress-granules involved in retinal degeneration?
Gustavo Fehrenbach	Athlone Institute of Technology	Government of Ireland Postgraduate Scholarship	Agricultural Biotechnology	Development of innovative pulsed light-ultraviolet technology for safeguarding consumer health and fragile seafood industry from the winter vomiting bug outbreaks (norovirus)
Gwenaëlle HURPY-ROCHON	University College Dublin	Government of Ireland Postgraduate Scholarship	Biodiversity Conservation	The ecosystem services of Irish bats
Hannah Baker	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	History	A Revaluation of the Contribution of Sarah Cecilia Harrison (1863-1941) to Visual and Political Culture in Ireland and Britain, as an Artist, a Promoter of the Fine Arts and a Social Reformer.
Hannah Rice	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Irish Language Studies	Self-Translation in a Bilingual State: An Investigation into the Practice of Self-Translation and its Interactions with Language Identity in the Irish-Language Context

GOI Awardees 2020

Harvey Gleeson	University College Dublin	Government of Ireland Postgraduate Scholarship	Colloid and Nanochemistry	Sustainable Nanoparticulate Photoabsorbers for Solar Induced Synthesis of “Green” Fuel and Chemicals
Ian Darragh	Dublin City University	Government of Ireland Postgraduate Scholarship	Biochemistry and Molecular Biology	Profile and bioactivity of miRNA expressed in extracellular vesicles secreted from skeletal muscle during exercise of divergent type and intensity: A proof-of-concept pipeline for the identification of novel exercise derived therapeutics.
Ioannis Karvelas	University College Dublin	Government of Ireland Postgraduate Scholarship	Artificial Intelligence and Image Processing	Novice Programming Behavior and Programming Environments
Isabel Aust	Dublin City University	Government of Ireland Postgraduate Scholarship	Media	An analysis of the journalistic and sociological framing of drugs, drug use, and drug legislation in Irish print and digital journalism, 1964 - 2018.
Isabella Emediato	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Biochemistry and Molecular Biology	Pre-clinical development of NOX2/ROS blood-based biomarkers of chronic TBI
Isabella Batten	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Biochemistry and Molecular Biology	The Age-old Problem of ANCA Associated Vasculitis
Jack Callan	Maynooth University	Government of Ireland Postgraduate Scholarship	Geography	Geographies of Abortion Access in Ireland
Jack Robinson	Dublin City University	Government of Ireland Postgraduate Scholarship	Medicinal and Biomolecular Chemistry	Ganglioside modified cavity supported lipid bilayers; New insights into cell membrane reorganization driven by Integrin-Galectin-Ganglioside interactions.

GOI Awardees 2020

Jacob Miller	University College Dublin	Government of Ireland Postgraduate Scholarship	Literatures	The Origins of Post-Truth: Neoliberalism and Epistemic Crisis in Anglo-American Fiction, 1980 to the Present.
Jacopo Turini	University College Cork	Government of Ireland Postgraduate Scholarship	Italian	The Environment, Borders and Identity: Contemporary Italian Literature in Alpine Frontier Areas
Jennifer McAndrew	University College Dublin	Government of Ireland Postgraduate Scholarship	Politics	U.S. Reinvention of Music Diplomacy in the Post 9/11 Era
Jennifer Murphy	Technological University Dublin	Government of Ireland Postgraduate Scholarship	Sociology	Evaluating the replicability and reproducibility of sports science research – a multi-lab collaboration project.
Joachim Bosschaert	Dublin City University	Government of Ireland Postgraduate Scholarship	Fluids and Plasma Physics	A Novel Plasma Source for the efficient production of Plasma Activated Water
Joanne Cosgrave	University College Dublin	Government of Ireland Postgraduate Scholarship	Cell Biology	Investigating the anti-cancer effects of phytocannabinoids on the epigenome.
Johannes Aspman	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Theoretical Physics	Weak Gravity and Modularity
John Ivory	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Microbiology, Virology and Mycology	The reliability and diagnostic validity of clinical manifestations of biofilm in venous leg ulcers

GOI Awardees 2020

John Paul Clifford	University College Cork	Government of Ireland Postgraduate Scholarship	Economics	The role of cities in driving national growth
John Walsh	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	German	Stefan George and Dante: Exile, Desire, and the Intertextual Self
Judit Villena Rodó	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Law	Migrant Women, Coercive Control and Intimate Partner Violence: an examination of women's ability to access remedies in Ireland and Spain
Karen Arulsamy	University College Dublin	Government of Ireland Postgraduate Scholarship	Economics	Mental health and financial outcomes over the lifespan
Kate Autumn Evetts	University College Dublin	Government of Ireland Postgraduate Scholarship	Archaeology	A Multi-Isotope Investigation of Faunal Remains From Newgrange, Co. Meath: Deciphering Later Prehistoric Subsistence and Connectivity
Kate Donaghy	University College Dublin	Government of Ireland Postgraduate Scholarship	Organic Chemistry	Organocatalysed Glycosylations with RNA-derived Catalysts
Kathryn Dane	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Medical and Biomedical Engineering	Safety and Optimal tackle outcomes in Senior Women's Rugby
Kathy Dillon	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	French	Representing the 'Other': The Sociological Importance of Contemporary Francophone women writers: Leïla Slimani, Noufissa Sabi and Houria Boussejra

GOI Awardees 2020

Katie O'Rourke	Dublin City University	Government of Ireland Postgraduate Scholarship	Environmental Sciences	Integration of holistic approaches to detect pharmaceuticals in the aquatic environment
Keith Lyons	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Zoology, Ornithology, Entomology, Behavioural Sciences Biology	Venomous Invaders: Investigating the role of venom in ecological invasions
Kimberley Sheehan-Thomas	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Biochemistry and Molecular Biology	How does PYHIN1 contribute to human innate immunity?
Konstantinos Maronikolakis	University College Dublin	Government of Ireland Postgraduate Scholarship	Pure Mathematics	Universality and boundary behaviour of holomorphic functions
Larissa Macedo Cruz de Oliveira	University College Cork	Government of Ireland Postgraduate Scholarship	Geology	Advancing Seabed Mapping Techniques for Deep-water Habitat Classification in Submarine Canyons (ASMaT)
Laura Cutugno	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Microbial Genetics	Genetic characterisation of the <i>Vibrio vulnificus</i> stressosome and its role in stress response and virulence
Laura McQuaid	University of Limerick	Government of Ireland Postgraduate Scholarship	Statistics and Probability	A Flexible Parametric Modelling Framework for High-Dimensional Hierarchical Survival Data
Lee Gannon	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Condensed Matter Physics	Building and testing of novel on-surface synthesised porphyrin-functionalised graphene nanoribbon nanostructures: Towards a platform of single-molecule sensor devices

Lia Mills	University of Limerick	Government of Ireland Postgraduate Scholarship	Literatures	Parallax in Fiction: Towards a practice-based theory of creative narrative intervention
Liam Whitmore	University of Limerick	Government of Ireland Postgraduate Scholarship	Zoology, Ornithology, Entomology, Behavioural Sciences Biology	Determining the environmental factors that enable an otherwise neoplastically benign herpesvirus to overcome host immune responses and induce a tumour epidemic in marine turtles.
Lian McGuire	Dublin City University	Government of Ireland Postgraduate Scholarship	Education	Bullying & Cyberbullying among Third Level Students in Ireland : An Empirical Study
Libor Zachoval	Institute of Technology, Carlow	Government of Ireland Postgraduate Scholarship	Distributed Computing	The Tracking, Modeling, and Predictive Analysis of Learner Behaviour Towards More Effective Learner Behaviours and Online Courses
Lilian Nwanze	Maynooth University	Government of Ireland Postgraduate Scholarship	Education	The invisible burden: The emotional dimensions of racialization on the Black and Minority Ethnic (BME) Learner in the Irish Further Education System.
Lioba Verena Speicher	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Classics	The Old Norse Sagas of Antiquity: a study in cross-cultural Classical reception and transnational networks in Medieval Scandinavia, Ireland, and Europe.
Lisa Keenan	University College Dublin	Government of Ireland Postgraduate Scholarship	Psychology	Exploring the nature and prevalence of sleep difficulties in children with Tourette syndrome: The relation with tic severity and executive functioning
Lorene Lefebvre	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Agricultural Biotechnology	Deciphering mechanisms of Biological Nitrification Inhibition (BNI) in forage and model grasses

GOI Awardees 2020

Louise Curtin	Mary Immaculate College	Government of Ireland Postgraduate Scholarship	Education	An Examination of the New Allocation Model (Department of Education and Skills 2017) in Irish Primary Schools.
Luke Edward Brennan	Maynooth University	Government of Ireland Postgraduate Scholarship	Organic Chemistry	The design, synthesis & biological evaluation of theranostic agents targeting multi-drug resistant bacteria.
Luke Harvey	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Astronomy and Space Science	The nucleosynthesis of kilonova and Ca-strong transients
Mairead Gallagher	Technological University Dublin	Environmental Protection Agency Postgraduate Scholarship	Organic Chemistry	Studies on Metabolites of Common Antibiotics in the Development of Antimicrobial Resistance (AM-AMR)
Mannthalah Abubaker	University of Limerick	Government of Ireland Postgraduate Scholarship	Medical and Biomedical Engineering	The influence of CSF flow in the subarachnoid space and its role in TBI
Marco Ceravolo	University College Cork	Government of Ireland Postgraduate Scholarship	Italian	Modern Italian Bestiaries: An Ecocritical Analysis of the Role of Animals in the Works of Federigo Tozzi, Dino Buzzati, Anna Maria Ortese
Maria Cullen	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	History	Humanitarian aid in hostile environments: comparing the emergency relief operations of Oxfam and Médecins sans Frontières in the Global South, 1979-1986
Maria Manning	University College Cork	Government of Ireland Postgraduate Scholarship	Literatures	Performing Women's Poetry: An Evolving Craft

Marie Clara Michel	University College Cork	Government of Ireland Postgraduate Scholarship	Organic Chemistry	Development of Green, Sustainable Organic Synthetic Methods Using Enantioselective Catalytic Nucleophilic Substitution
Mark Kelly	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Atomic, Molecular and Chemical Physics	Mechanistic Insight Into Lignin Pyrolysis: Using Thermogravimetric Analysis and Mass Spectrometry to Develop a State-of-Art Thermal Degradation Pathway for Lignin Pyrolysis
Martin Kenny	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Theatre Studies	Queer Connections: identifying and expanding a sense of a queer national consciousness through the production, presentation and reception of Irish theatre and performance, from 1960 - 2020
Mary Hopkins	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Zoology, Ornithology, Entomology, Behavioural Sciences Biology	Preclinical and clinical investigation of the endocannabinoid system as a viable novel target for diagnosis and treatment of low back pain.
Marylette Roa	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Microbiology, Virology and Mycology	Diversity and ecology of squamate gut microbiome
Mateus Emerson de Souza Miranda	Mary Immaculate College	Government of Ireland Postgraduate Scholarship	Linguistics	Spoken grammar construction and pragmatic features across the Common European Framework of Reference (CEFR): An interlanguage corpus study
Megan Brien	Technological University Dublin	Government of Ireland Postgraduate Scholarship	History	A History of Interior Design for Autism in Ireland, 1969 to present.
Meghan Winterlich	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Macromolecular and Materials Chemistry	Synthesis and characterisation of novel magnetic metal organic frameworks for a targeted delivery of anti cancer drugs through magnetic dynamic therapy

GOI Awardees 2020

Melissa Bohnert	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Sociology	Social Inequalities in Child Time Use and Development in Ireland: A Mixed-Methods Longitudinal Approach
Michela Dianetti	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Italian	The Narrative of Objects as Ethical Facts in Iris Murdoch and Elsa Morante.
Mohamed Beshr	Technological University Dublin	Government of Ireland Postgraduate Scholarship	Condensed Matter Physics	Plasmon mapping of SERS-active nanostructures for prostate cancer detection using scanning probe energy loss spectroscopy
Mohammad Aboomar	Dublin City University	Government of Ireland Postgraduate Scholarship	Languages	Evolutionary Biology in Contemporary Arabic Translation: Impact of Culture on the Dissemination of Science
Mohammad Ali Shafiei	University College Dublin	Government of Ireland Postgraduate Scholarship	Computer Software	Self-protecting cyber-physical systems
Mohammadali Sahebalzamani	Dublin City University	Government of Ireland Postgraduate Scholarship	Medical and Biomedical Engineering	Multifunctional bone scaffold materials for segmental bone defect repair: development and characterisation of mechanically robust nanocomposite scaffolds with controlled degradation rate and tuneable local surface stiffness fabricated via Layer-by-layer assembly
Moonyoung Hong	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Literatures	Tom Murphy's Theatre of Everyday Space
Nandini Gupta	Trinity College Dublin	Andrew Grene Postgraduate Scholarship in Conflict Resolution	Politics	The Wandering Minstrels of Hope: Tracing the Role of Women's Grassroots Peacebuilding in Kashmir and Northern Ireland

GOI Awardees 2020

Naomi Corlett	University College Dublin	Government of Ireland Postgraduate Scholarship	Philosophy	Temporal Asymmetry, Causation and the Open Future
Natalia Burakowska	University College Dublin	Government of Ireland Postgraduate Scholarship	Philosophy	The Phenomenology of Dementia: An Embodied-Cognitive Account
Nathan Fox	Maynooth University	Government of Ireland Postgraduate Scholarship	Theoretical Physics	Anyonic quantum computation in spinor Bose-Einstein condensates
NEHA KAMRANI	University College Dublin	Government of Ireland Postgraduate Scholarship	Literatures	Representations of Sexual Violence in Contemporary Irish and Indian Theatre
Nery Ramati	Dublin City University	Andrew Grene Postgraduate Scholarship in Conflict Resolution	Politics	The Use of Preventive Artificial Intelligence Tools in Counter-Terrorism (PAITCT) and their Impact on Human Rights: The Case of the Israeli Security Agency (ISA) AI Tool.
Niamh O'Callaghan	Institute of Technology, Sligo	Government of Ireland Postgraduate Scholarship	Education	"Taking Back Control" : An investigation into the current dietary patterns of Irish Cancer Survivors and their relationship with food and nutrition.
Nicholas O'Neill	University College Dublin	Government of Ireland Postgraduate Scholarship	Sociology	Marketisation of home care in Ireland: a geographical perspective focusing on the private sector
Nikolett Warner	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Psychology	Being diagnosed with cancer promoting genetic mutations BRCA 1 and 2 in Ireland: Development of an intervention to enhance coping skills and improve knowledge.

GOI Awardees 2020

Oisín Patrick Culhane	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Theoretical Physics	Non-equilibrium thermodynamics of quantum clocks
Orlaith Darling	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Literatures	'Something familiar about the shape': association and alienation in Irish women's contemporary short fiction
Paddy Cahalane	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Condensed Matter Physics	Generative machine-learning models for chemical design
Peadar Kearney	Maynooth University	Government of Ireland Postgraduate Scholarship	French	Blurred Boundaries and Fluid Selves: Post-Identity Francophone Cinema
Peter Shannon	Maynooth University	Government of Ireland Postgraduate Scholarship	Musicology	Schubert's Ninth Symphony: a composer's ability to heal. (A conductor's reading of Schubert's Ninth symphony through the prism of Hans Georg Gadamer)
Peter Weakliam	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Irish Language Studies	An analysis of the theme of freedom in Pádraig Ó Cíobháin's fiction
Philip Gavin	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Law	The Influence of Creditors on Corporate Direction Across Common Law Jurisdictions
Phoebe Brown	University of Limerick	Government of Ireland Postgraduate Scholarship	Theatre Studies	The potential for perceptible process: an exploration of the interconnections between differential equations (DEs) and contemporary dance choreography.

GOI Awardees 2020

Pierce Sinnott	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Condensed Matter Physics	“Pleatronics”: 2D Material Pleat Self-Assembly and Superlubricity
Prosscovia Nambatya	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Law	Making Cross Boarder Securities Markets Work for Africa: Is Integration the Solution?
Rachel Healy	University College Dublin	Government of Ireland Postgraduate Scholarship	Cultural Studies	Portraits of Giorgio Cornaro and his Heirs: Resolving issues of Identity, Authorship and Patronage in Renaissance Venice and Beyond
Ramesh Premaratne Ganohariti	Dublin City University	Government of Ireland Postgraduate Scholarship	Politics	Impact of citizenship constellations on de facto states: A comparative analysis of post-Soviet de facto states
Rasha Alshaikh	University College Cork	Government of Ireland Postgraduate Scholarship	Medicinal and Biomolecular Chemistry	Hydrogels for the intraocular delivery of sphingosine -1-phosphate agents in the management of retinal diseases
Rebecca Brady	Technological University Dublin	Government of Ireland Postgraduate Scholarship	Applied Mathematics	Mathematical Models Linking Neuronal and Behavioural Responses in Parkinson’s disease
Richael Connolly	University College Cork	Government of Ireland Postgraduate Scholarship	Business & Management	How does the Artisan Food Entrepreneur (AFE) experience business growth? An examination of business growth in a ‘post growth’ context.
Robert Byrne	University College Dublin	Government of Ireland Postgraduate Scholarship	Astronomy and Space Science	Minding the Gap: Searching for Low Luminosity Transients in Nearby Galaxies

GOI Awardees 2020

Robert Feeney	University College Cork	Government of Ireland Postgraduate Scholarship	Literatures	The Ghosts of Lafcadio Hearn: A Novel
Robert Watson	University College Dublin	Environmental Protection Agency Postgraduate Scholarship	Physical Geography	A multi-data machine learning approach to identifying, mapping and characterising sinkhole populations in karst environments
Roisin O'Malley	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Psychology	Learning from what goes well: Improving the quality of primary care
Sandra Costello	University College Cork	Government of Ireland Postgraduate Scholarship	Film Studies	Institutional Acts of Watching in Irish Cinema: Surveillance, Power and the Camera
Sandra-Carina Noble	Maynooth University	Government of Ireland Postgraduate Scholarship	Medical and Biomedical Engineering	Accelerating stroke rehabilitation using iterative learning applied via a brain-computer interface
Sarah Greeley	University College Cork	Government of Ireland Postgraduate Scholarship	Business & Management	Leading the Way: Developing the Identity of Future Leaders
Seun Adebayo	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Education	Developing more culturally responsive pedagogies with Irish primary school teachers using a learning study approach
Shane Somers	University College Cork	Government of Ireland Postgraduate Scholarship	Zoology, Ornithology, Entomology, Behavioural Sciences Biology	Drivers of variation in the microbiome of the wild great tit, <i>Parus major</i>

Si Lok Ko	University College Cork	Government of Ireland Postgraduate Scholarship	Organic Chemistry	Efficient Green Catalysis
Sid McDonnell	University College Dublin	Government of Ireland Postgraduate Scholarship	Business & Management	Implementing Workplace Well-being Programmes: A view from Institutional Theory
Simon O'Shaughnessy	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Biochemistry and Molecular Biology	Investigation of the Nutrient Requirements of Dendritic Cells in Vivo
Simon Poole	Dublin City University	Government of Ireland Postgraduate Scholarship	Inorganic, Organometallic and Nuclear Chemistry	Development of Holliday junction-stabilising di-nuclear complexes via click chemistry: a new gene targeting strategy for metal-based drugs
Siobhán Buckley	Maynooth University	Government of Ireland Postgraduate Scholarship	Law	"Contrasts in Tolerance?": A cross-sectoral analysis of punitiveness in the adult and youth criminal justice systems of Ireland, Scotland and the Netherlands 1990 – 2015
Siobhán Hamon	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Microbiology, Virology and Mycology	Therapeutic potential of parasite-derived immunomodulatory peptides in the treatment of sepsis and acute kidney injury (AKI)
Siobhan McEvoy	University College Dublin	Government of Ireland Postgraduate Scholarship	Psychology	The dynamics of cohesion, integration, and collective efficacy: A case study of women's refugee networks in Athens
Sonia Lenehan	University College Cork	Government of Ireland Postgraduate Scholarship	Developmental Biology	The INNOVATE Study - INvestigatiNg cOgnitive deVelopment in preterm and full term infAnTs using Eyemotion tracking.

GOI Awardees 2020

Stacey Kerr	University College Dublin	Environmental Protection Agency Postgraduate Scholarship	Plant sciences, Botany	Pharming of high value metabolites from transplastomic plant cells using bioreactors
Stephanie Maher	University College Dublin	Government of Ireland Postgraduate Scholarship	Cell Biology	Investigating the Effects of Phosphatases on Trk Mediated Signalling and Cell Fate in Neuroblastoma
Stephanie Robinson	University College Cork	Government of Ireland Postgraduate Scholarship	History	The Bioarchaeology of Early Bronze Age Ireland: Health, Disease, and Trauma at the Transition from Stone to Metal
Stephen Keelan	RCSI University of Medicine and Health Sciences	Government of Ireland Postgraduate Scholarship	Biochemistry and Molecular Biology	Brain metastatic breast cancer, a search for clinically actionable targets, in the epigenome.
Tara Comber	University College Dublin	Government of Ireland Postgraduate Scholarship	Biochemistry and Molecular Biology	The development and use of a new multiple sclerosis in vitro model for the development of novel myelin-repair agents
Tian Yu	Maynooth University	Government of Ireland Postgraduate Scholarship	Electrochemistry	The Electrochemical Detection of Pesticides and their Removal from water using Electro-Fenton and Electrocoagulation
Valerio Cataldi	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Medicinal and Biomolecular Chemistry	Activity Based Probes to reveal new insights into P53 deubiquitination
V'cenza Cirefice	National University of Ireland, Galway	Government of Ireland Postgraduate Scholarship	Geography	Local environmental resistance to extractivism in Ireland: A feminist environmental justice lens

GOI Awardees 2020

Veronica Barry	Maynooth University	Government of Ireland Postgraduate Scholarship	History	An examination of Nazi propaganda directed at women of the neutral states from 1933-45.
Yvonne Muldowney	Trinity College Dublin	Government of Ireland Postgraduate Scholarship	Education	The development and testing of a protocol to integrate Palliative Care into Irish ICUs: A National Strategy Project
Ahmed Barhoum+A211:E281	Dublin City University	GOI Postdoctoral Fellowship	Analytical Chemistry	MAGICAN: MAGnetic Particle Based Biosensor for CANcer Risk Prediction, Diagnosis and Theranosis
Alessandra Di Grande	RCSI University of Medicine and Health Sciences	GOI Postdoctoral Fellowship	Cell Biology	In depth-characterisation of the role of splenic microenvironment in the development of ABT-199 resistance
Ana Stefanovska	University College Cork	GOI Postdoctoral Fellowship	Italian	Literary Space in Italian Neorealism
Andreea Petrasca	Trinity College Dublin	GOI Postdoctoral Fellowship	Cell Biology	Targeting cellular metabolism in inflammatory skin disease
Angelika Holzinger	University of Limerick	GOI Postdoctoral Fellowship	Electrochemistry	Electrosynthesis and advanced characterization of conductive polymer/nanoparticle nanocomposites at electrified soft interfaces for sensor and polymer solar cell applications
Anna McKay	University College Cork	GOI Postdoctoral Fellowship	Literatures	British Prison Hulks, 1775-1875: 'Wicked Noah's Arks'?

GOI Awardees 2020

Anne Mulhall	Trinity College Dublin	GOI Postdoctoral Fellowship	Literatures	Time and the Other Capitalism: The Pasts, Presents and Futures of Work
Anusha Mohan	Trinity College Dublin	GOI Postdoctoral Fellowship	Psychology	Causally investigating the dimensional variability in tinnitus as an imbalance between top-down and bottom-up neural processes
Ashley Shaw	University College Dublin	GOI Postdoctoral Fellowship	Philosophy	The Metaphysics of Need
Cecilia Brioni	Trinity College Dublin	GOI Postdoctoral Fellowship	Italian	(Trans)national Online Communities: Celebrity, Identity, and Reception on YouTube Italia
Ciaran Arthur	National University of Ireland, Galway	GOI Postdoctoral Fellowship	History	Intentional Obscurity and 'Divine Speech' in Early English Texts
Ciaran McDonough	University College Dublin	GOI Postdoctoral Fellowship	Celtic Studies	Antiquarianism, Politics, and Sectarianism in Nineteenth-Century Ireland: A study of Ancient Laws and Institutes of Ireland (1852-1901)
Cliona Hensey	National University of Ireland, Galway	GOI Postdoctoral Fellowship	French	Reconstructive Memory Work: Trauma, Witnessing and the Imagination in Contemporary Writing by Daughters of Harkis
Colleen Taylor	University College Cork	GOI Postdoctoral Fellowship	Literatures	Irish Writing and the New Materialism: Objects of Irish Character, 1720 – 1830

GOI Awardees 2020

Colm Delaney	Trinity College Dublin	GOI Postdoctoral Fellowship	Macromolecular and Materials Chemistry	Bio-Inspired Photonic Sensors
Conor Tobin	University College Dublin	GOI Postdoctoral Fellowship	History	"A Soviet Vietnam?" Zbigniew Brzezinski, the Carter Administration, and the Soviet Invasion of Afghanistan
Denis Murphy	Trinity College Dublin	GOI Postdoctoral Fellowship	Film Studies	A labour history of screen production in Ireland (1958-2020)
Dieter Reinisch	National University of Ireland, Galway	GOI Postdoctoral Fellowship	History	Changing patterns of political violence and peaceful protest in European democracies: A historical comparison of social movements in Germany and Ireland
Dnyaneshwar Garad	National University of Ireland, Galway	GOI Postdoctoral Fellowship	Medicinal and Biomolecular Chemistry	Sulfamidates as Electrophilic Reagents for the Site-Specific Incorporation of Biologically Relevant Post-translationally Modified Lysine Residues into Protein.
Dualta O Fionnagain	National University of Ireland, Galway	GOI Postdoctoral Fellowship	Astronomy and Space Science	Characterising high speed transient radio emission from planetary electrostatic discharges using the Owens Valley Low Wavelength Array
Edward Molloy	University College Cork	GOI Postdoctoral Fellowship	Literatures	Between History and Revolution: Radical Separatism in Ireland from Tone to Pearse
Efstratios Delogkos	University College Dublin	GOI Postdoctoral Fellowship	Geology	Fault growth on short timescales and the role of fault geometries and interactions on earthquake behaviour

GOI Awardees 2020

Elliot Carter	Trinity College Dublin	GOI Postdoctoral Fellowship	Geochemistry	Messages from the deep: Assessing the thermal and chemical evolution of the mantle during initiation of the North Atlantic Igneous Province
Elspeth Ward	RCSI University of Medicine and Health Sciences	GOI Postdoctoral Fellowship	Medical Biotechnology	Rational Therapy for Invasive Lobular Breast Cancer
Emma Penney	University College Cork	GOI Postdoctoral Fellowship	Literatures	Social-Class and the Women's Movement in Ireland: A Second Look at the Second-Wave
Ena Luis	Trinity College Dublin	GOI Postdoctoral Fellowship	Macromolecular and Materials Chemistry	Morphological control of lanthanide-based nanostructures
Floris Verhaart	University College Cork	GOI Postdoctoral Fellowship	History	Enemies of the Text: Jean Hardouin and the Modernisation of the Humanities (1680-1765)
Gabriel Krasovec	National University of Ireland, Galway	GOI Postdoctoral Fellowship	Developmental Biology	Exploring the morphogenetic functions of apoptosis in the cnidarian <i>Hydractinia symbiolongicarpus</i>
Gaozhong Wang	Trinity College Dublin	GOI Postdoctoral Fellowship	Optics	Ultrafast nonlinear optical performance of photonic devices based on two-dimensional quantum nanosheets
Giulio D'Urso	University College Dublin	GOI Postdoctoral Fellowship	Education	Bullying in School Contexts in Ireland: Evidence from the Growing Up in Ireland and Children's School Lives National Cohort Studies

GOI Awardees 2020

Guido Bartolini	University College Cork	GOI Postdoctoral Fellowship	Italian	Adapting to a Difficult Heritage: The Memory and Responsibility for Fascism in Italian Literature and Cinema
Hannah White	Trinity College Dublin	GOI Postdoctoral Fellowship	Ecology	The contribution of common and rare species to spatial patterns of functional diversity
Harshvardhan Pandit	Trinity College Dublin	GOI Postdoctoral Fellowship	Information Systems	Exploring Privacy Risks of Technologies Using Knowledge Graphs
Helen O'Connor	Trinity College Dublin	GOI Postdoctoral Fellowship	Macromolecular and Materials Chemistry	Development of lanthanide-based 0-3D architectures for the detection of freshwater pollutants
James Behan	University College Dublin	GOI Postdoctoral Fellowship	Colloid and Nanochemistry	NANO-INT: Controlling the Nanoconstruct Interface for Targeted Applications in Nanomedicine and Biology.
James Phelan	Trinity College Dublin	GOI Postdoctoral Fellowship	Cell Biology	Defining the role of macrophage-mediated recruitment of neutrophils in the fight against Mycobacterium tuberculosis infection
Jason Keegan	Trinity College Dublin	GOI Postdoctoral Fellowship	Zoology, Ornithology, Entomology, Behavioural Sciences Biology	Teaching an old dog new tricks: The application of novel geospatial modelling techniques to investigate the interactions between two major reservoirs of Toxocara spp. infection.
Jason Porter	University College Dublin	GOI Postdoctoral Fellowship	History	The Diversity of Slaving Strategies in Ancient Athens, 500–300 B.C.

GOI Awardees 2020

Jhimli PAUL GUIN	University College Dublin	GOI Postdoctoral Fellowship	Macromolecular and Materials Chemistry	Round-the-clock metal-free visible-light photocatalyst polymer membrane reactor for elimination of short-chain per- and poly-fluoroalkyl substances from surface waters
Joanne O'Dwyer	National University of Ireland, Galway	GOI Postdoctoral Fellowship	Cell Biology	Creation of effective targeted immunotherapy in a local refillable delivery system for ovarian cancer
John Brown	Maynooth University	GOI Postdoctoral Fellowship	Politics	Democratisation and post-neoliberal citizenship in Latin America: Lessons from Bolivia and Venezuela
John Gallagher	University College Dublin	GOI Postdoctoral Fellowship	Literatures	Science, Creation, and Cosmology in the Early Medieval Latin West
Julie Powell	University College Dublin	GOI Postdoctoral Fellowship	History	The Attraction of Repulsion: Tales of Murder and the First World War
Ketlyn Mara Rosa	Trinity College Dublin	GOI Postdoctoral Fellowship	Film Studies	The Body in Battle and the Body Confined: Corporeal Representations in Cinema of Late Twentieth-Century Conflicts in Northern Ireland and Brazil
Kevin Tracey	Maynooth University	GOI Postdoctoral Fellowship	Literatures	AMERGIN: Analysing Macaronic Early-Modern Readers by Gathering Irish Networks (1575-1675)
Lachlan Fleetwood	University College Dublin	GOI Postdoctoral Fellowship	History	The 'Habitable Globe': Science, Geography and Environment in the Indian Sub-Empire

GOI Awardees 2020

Laura De Diego Garcia	RCSI University of Medicine and Health Sciences	GOI Postdoctoral Fellowship	Biochemistry and Molecular Biology	Targeting mRNA polyadenylation to treat drug refractory epilepsy
Leyla Maria Gabriella Livraghi	University College Cork	GOI Postdoctoral Fellowship	Italian	Livy's legacy in Dante, Petrarch and Boccaccio: the practice of reading history in Italian culture from the late 13th to the 14th century
Lonneke Peperkamp	University College Dublin	GOI Postdoctoral Fellowship	Politics	Claiming Subsistence Rights
Manfa Sanogo	University College Dublin	GOI Postdoctoral Fellowship	Literatures	From Hainteny to Negritude: Analysis of the Transnational Flow of Literary Currents between Malagasy and Francophone Literatures
Marconi Peñas	Trinity College Dublin	GOI Postdoctoral Fellowship	Theoretical and Computational Chemistry	Accelerated rational design of earth-abundant catalysts for the hyperpolarization with para-hydrogen. Solving the sensitivity problem of NMR and MRI techniques.
Mariana Alves	RCSI University of Medicine and Health Sciences	GOI Postdoctoral Fellowship	Biochemistry and Molecular Biology	The metabotropic P2Y1 receptor as novel therapeutic target for neonatal brain injury
Martin Schauss	University College Dublin	GOI Postdoctoral Fellowship	Literatures	The New Ecological Imaginary: Waste, Water, Energy, and the Built Environment in Twenty-First Century Experimental Prose (2001-2019)
Matteo Bonini	University College Dublin	GOI Postdoctoral Fellowship	Pure Mathematics	Algebraic Geometry Codes for Error-Correction in Distributed and Quantum Systems

GOI Awardees 2020

Mehmet Gurdal	National University of Ireland, Galway	GOI Postdoctoral Fellowship	Medical Biotechnology	Development and assessment of full-thickness scaffold-free human corneal equivalents using macromolecular crowding
Melanie Altanian	University College Dublin	GOI Postdoctoral Fellowship	Philosophy	The Distinct Epistemic Injustice of Genocide Denialism
Mohamed Barakat Zakaria Mohamed	University College Dublin	GOI Postdoctoral Fellowship	Colloid and Nanochemistry	Developing Novel 2D and 3D Defect-Free Cyano-Bridged Coordination Polymers-based Carbon/MXene Materials for Next-Generation Sodium-Ion Batteries and Electrochemical Applications
Mohammed Faraz Khan	Trinity College Dublin	GOI Postdoctoral Fellowship	Medicinal and Biomolecular Chemistry	Enabling faster drug discovery – development of a unified software platform for computer-aided drug design
Niall Ó Súilleabháin	Trinity College Dublin	GOI Postdoctoral Fellowship	History	'Servi Dei': A Social History of Ecclesiastical Servitude in Northern France, c. 888 - 1120
Nima Afraz	Trinity College Dublin	GOI Postdoctoral Fellowship	Distributed Computing	Blockchain-Based Distributed Framework for 5G and Beyond Network Infrastructure Sharing
Nitul Guha	University College Dublin	GOI Postdoctoral Fellowship	Organic Chemistry	Design, Synthesis and Applications in Asymmetric Catalysis of Chiral Ligands Exploiting Non-covalent Bonding Interactions
Olwyn Mahon	University of Limerick	GOI Postdoctoral Fellowship	Cell Biology	Investigating the interplay between ECM architecture, cancer cell dynamics and immune cell-infiltrates in 3D reconstructions of human colonic tumour microenvironments.

GOI Awardees 2020

Peter Griffith	University College Cork	GOI Postdoctoral Fellowship	Archaeology	Late Quaternary palaeoenvironments and Middle Stone Age habitat preferences in the Nakuru-Naivasha Basin, Kenya
Rachel Sheehan	University of Limerick	GOI Postdoctoral Fellowship	Psychology	Rugby injury epidemiology: Relations to psychological factors
Robert Dunphy	University College Dublin	GOI Postdoctoral Fellowship	Philosophy	Scepticism and Presuppositionlessness: Hegel and the Problem of Beginning
Saidulu Konda	National University of Ireland, Galway	GOI Postdoctoral Fellowship	Medicinal and Biomolecular Chemistry	Development of novel constrained sia-gal mimetics for the prevention of influenza virus infections
Salomé Paul	Trinity College Dublin	GOI Postdoctoral Fellowship	Theatre Studies	Redeeming Monstrous Women: Marina Carr and Greek Tragedy
Sheila Castilho	Dublin City University	GOI Postdoctoral Fellowship	Artificial Intelligence and Image Processing	Document-level Machine Translation Evaluation (DELA)
Silvia Speriani	Trinity College Dublin	GOI Postdoctoral Fellowship	Classics	Ajax. A Roman Myth
Siobhán Barrett	Maynooth University	GOI Postdoctoral Fellowship	Celtic Studies	A Triad of Medical Glossaries

GOI Awardees 2020

Sirsendu Bhowmick	National University of Ireland, Galway	GOI Postdoctoral Fellowship	Medical and Biomedical Engineering	Fabrication of bioinspired artificial extracellular matrix scaffold for diabetic wound care
Smruti Sahoo	Trinity College Dublin	GOI Postdoctoral Fellowship	Theoretical and Computational Chemistry	Computer simulation of charge transfer states in organic solar cells
Stuart Mathieson	Dublin City University	GOI Postdoctoral Fellowship	History	Sir George Gabriel Stokes: Evangelical Scientist and the Crisis of Faith
Sybren Heyndels	University College Dublin	GOI Postdoctoral Fellowship	Philosophy	Modal Normativism: Reviving an Old Tradition
Tara Dirilgen	University College Dublin	GOI Postdoctoral Fellowship	Ecology	From Roots to Pollinators: How above- and below-ground organisms interact through plants
Tony Twamley	University College Dublin	GOI Postdoctoral Fellowship	Agricultural Biotechnology	Investigating the role of receptor-like kinases (RLKs) in defence priming in wheat
Valentina Mele	University College Cork	GOI Postdoctoral Fellowship	Italian	Lyric Subjectivity in Guido Cavalcanti's <i>_Rime_</i>
Victoria Elizabeth Mullin	Trinity College Dublin	GOI Postdoctoral Fellowship	Genetics and Heredity	Milking the past: Tracing the genomic origins of dairy cattle

**GOI Awardees 2020**

Zhonglei He	Technological University Dublin	GOI Postdoctoral Fellowship	Medical Biotechnology	Anti-Cancer Strategy: Combining Cold Atmospheric Plasma with Theranostic Nanoparticles
-------------	---------------------------------	-----------------------------	-----------------------	--
